Y.E.S.

Youth Educational Services (Y.E.S.) is sincerely grateful to this community for being so kind to strangers. Without your co-operation and kindness our project would not be as successful as it is now.

Our present program consists of one-to-one tutoring, workshops, Negro History seminars, and a Youth Club. We are hoping to expand our program in this community with your help. If you have any suggestions for us as to what YES can do in Walltown, please let us know:

Walltown Royal Duke and Duchess

The Walltown Charitable Community Center has a club, its a teen-age club, because its just teenagers who attend. We want as many teens as possible to join our club cause there's things and places for everyone. The reasons for this club is to give our teens something to do, and somewhere to go. Our club ranges from ages 14 to 19. The Royal Duke and Duchess plans to go places and to things like going to the bowling alley, having parties, attending teenage events and many more so want you help support our club by joining.

Thank you,

Tutoring

Tutoring can be fun for the tutor and the tutee once they become friends. The job of tutoring is not to treat the child as if he or she were in school. An example of this is letting the child read book after book and giving him a lot of homework that he's not interested in The job is to become friends with the tutor and the tutee by working and playing together. You work with your tutee in the subject he is best interested in.

By a tutor.

Who is the President of the U.S. now?

ARE YOU INTERESTED IN YOUR NEIGHBORHOOD? THE ONLY WAY TO SOLVE THESE PROBLEMS:

housing improvements
recreation
street lights
getting street signs on dangerous corners ETC.

IS TO ACT AS A GROUP. WE MUST UNITE. THE NEIGHBORHOOD COUNCIL NEEDS <u>YOU</u>!!!

Please come to the next neighborhood meeting. You will be notified of the time and place.

Fairies Again

Fairies dancing in the woods at night
make me think of foreign places.
Of places unknown.
Fairries with sparkling crowns and dewy hands sprinkle flowers and mosses to keep them fresh,
Talk to the birds to keep them cherry
Once a bird came home and found a fairy asleep in his nest up on his baby eggs, to keep them warm.

Sometime

Sometime,when you're feeling important,
Sometime, when your ego's in bloom
Sometime, when you take it for granted
You're the best qualified in the room;
Sometime, when you feel that your
going would leave an unfillable hole
Just follow this simple instruction,
And see how it humbles your soul.

Take a bucket and fill it with water,
Put your hand in it, up to your wrist,
Pull it out, and the hole that's
remaining is a measure of how you'll
Be missed.

You may splash all you please when
You enter you may stir Up the water
galone,
But stop, and you;ll find in a minute
That it looks quite the same as before.

The moral in this quaint example,
Is do just the best you can,
Be proud of yourself, but remember,
There is no indispensable man.

Why I'm Proud to be a Negro

I'm proud to be a Negro because I was born in a black family. Most of us don"t consider ourselves as black people but that is just what we are. I'm glad to be a Negro, because we can almost have everything the White have. Sometimes I wonder why people call themselves black but in later years I have found out. So I'm black and proud.

Notes of Praise

When Miss Heidi Williams visited with me into my home we talked about many things, mainly my own expression co cerning Our Community Program YES. Here is a few words I expressed..

The program as a whole is very interesting for the children as well as their parents. Ihave two lovely daughters 7, and 8, each has a tutor in which has prove to be nice young ladies from the community. The kids like them very much. These young ladies have taken their time in carrying the girls many places. And also a good job in visiting into our home and doing lots of things that interest them, in which I haven't the time, they always look foward to another day from them.

I could go on an on but time and space will not allow me, but again thanks to this Program Y.E.S. (not forgetting) Heidi and the tutors for such a wonderful job which they brought to our Community.

In anyway I can help, please feel free call on me. May God Bless you all! Thank you

On labor day in all the States everybody celebrates those who labor and who earn their bread with work. But those who learn, also labor. Let'd remember learners also in September. So I've heard my grandma said and so we have a learn e s day with hide-and seek and blind man's buff potato races, and enough chocolate cake for all those who'll be going bACK to school.
